Newsletter Volume 3

Greetings ! and Welcome to our Plaza Art Guild newsletter.

**"And then my heart with pleasure fills,
And dances with the daffodils."**

--last two lines of "Daffodils" by William Wordsworth (1804)

Your heart will dance a jig, too, when you see what members of the Plaza Art Guild will provide for your viewing pleasure on Saturday, April 10, at the first annual membership show entitled " April in Paris", downtown Paris at the Plaza Art Gallery! After a long, cold, wet winter, have an old fashioned Saturday downtown and revel in a veritable feast for the eyes—brilliant flowers and refreshing spring scenes rendered by our super talented artists. There are also hand-crafted rocking chairs for relaxing and enjoying life, pottery, and jewelry for your spring fashions.

What We Have In Store For You....

Artist demonstrations will provide a chance for you to see how art is created and how artists conceive their work. It's your chance to watch and digest the creation process. All art is for sale and is waiting to grace your home, bringing pleasure throughout the year. So next winter, when it's cloudy, cold, and dark before 5 p.m., you can cast your eye on your spring painting and say along with Mr. Wordsworth—"and then my heart with pleasure fills, and dances with the daffodils"!

Come help us Celebrate the coming of spring ,

Sincerely,

The Plaza Art Guild
